How To Navigate This Site P

How To Use This Site

The RockTron website is a portal site and central reference point for The RockTron Group. It consists of a core 'corporate' website and 'micro sites' dedicated to RockTron's product range and their associated markets.
This page provides detailed information and tips to ensure the optimum user experience on this site.

-

1. The top horizontal menu (please see below) provides information about The RockTron Group.

- 2. Click on a top menu item and a set of secondary menus appear (please see below).

- 3. Each button leads to a drop down menu of further pages of information on each topic (please see below).

- 4. The lower menu (please see below) provides product, market, application and technical information.

- 5. Using your mouse to hover over each menu and where applicable a choice of further information is available.

- 6. Along the bottom of each page there is a back button and site map link.

- 7. Along the top of each page is the corporate menu including the home page and Info / FAQs menus.

- 8. Clicking on the Info / FAQ’s menu gives you additional ways to search for information.

- 9. Above the corporate menu is a search facility for you to find specific information.

- 10. Click on “Call Me” to request a call back within 48 hours or alternatively use the “Contact Us” menu for information on our locations, enquiries, careers and our forum.

- 11. Registration and Logging In to the site is avaiable from every page on the site, at the top of each page.

- 12. If you are having troubles viewing the website, due to distortion because of the size of your screen, please email media@rktron.com

- 13. To report any problems or inaccuracies on this website please email webmaster@rktron.com .
